HEAD OF ASSOCIATION

William Mooney Elected by State Oratorical Organization.

William Mooney of Indianapolis, a junior lawyer at Notre Dame, has been chosen president of the Indiana Oratorical association for the coming scholastic year. The association is composed of Earlham, Butler, Franklin, Hanover, DePauw, Wabash and Notre Dame and the presidency goes to a different institution each year.

Lung Trouble Yielded To This Medicine

If you are suffering with Lung Trouble, or if you know of some unfortunate person so afflicted, would you take the trouble of fully investigating a medicine which has "roughed about" complete recovery in a number of very serious cases? To Eckman's Alternative, a remedy for Throat and Lung Troubles, has been given the fullest credit of restoring health in a large number of cases. Read this:—
"Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful-looking stuff and later I had many hemorrhages; at one time three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."
(Affidavit) ANNE E. LOUGHRAN.
(Above abbreviated; more on request.)
Eckman's Alternative has been proven many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Sold by Chas. Conley & Co., Woods & Squire, Writers, the Eckman Laboratory, Philadelphia, Pa. for booklet telling of recoveries and additional evidence.

Notre Dame receives the presidency this year. The association met in Indianapolis on the last Friday in November. The purpose of the meeting is to choose the judges of manuscript and delivery for the annual state oratorical contest which is scheduled for the last Friday in February next year.

Mr. Mooney is also president of the Indianapolis club of Notre Dame.

RECOUNT OF VOTE TO BE MADE AT LAFAYETTE

LAFAYETTE, Ind., Nov. 14.—A commission composed of William C. Mitchell, Walter J. Ball, and Delmar Bartlett, was Thursday appointed to make a recount of the votes cast in the recent city election here. They will start the work Monday.

The recount was brought about by a tie vote in the election of clerk. Since that a recount has been demanded from the mayor down. Thomas Bauer, on the citizens' ticket, was elected by sixteen votes. The present mayor, George B. Durkan, democrat, is contesting this.

ABE GETS ANOTHER CHANCE. A Consumptive Cough.

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Elyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. Recommended by all dealers.—Adv.

WANT COOPERATION AMONG AUTHORITIES

Conflicting State and Federal Laws Will be Discussed at Washington.

WASHINGTON, Nov. 14.—Practical methods of co-operation between federal and state, dairy and drug authorities will be discussed Thursday at a conference at the department of agriculture. Seventy officials, representing forty states, the District of Columbia and Porto Rico, have accepted Secy. Houston's invitation to attend.

Conflicting national and state laws will be considered by the conference with a view to having the differences adjusted.

Secy. Houston hopes to devise means for placing federal experts at the disposal of states unable to employ such service in the enforcement of their laws. On the other hand, the state authorities will be asked to assist the national government by calling attention to interstate shipments of products which are evidently in violation of the federal law.

JOB TOO LONESOME.

ASKS FOR NEW PLACE

INDIANAPOLIS, Nov. 14.—"This job is too lonesome for me. I'm willing to trade places with any member of the police department," was the plea Henry Diener, fire towerman, made to the board of public safety and Supt. of Police Martin J. Hyland Thursday.

Diener also said he didn't get anything warm to eat while on duty and that his family longed for his companionship. He asked that he be transferred to a more lively job in the department.

Supt. Hyland said the complaint was a new one to him and that he didn't know what action he would take.

The fire tower is located on top of the 17-story Merchants' bank building, and three men, each working an eight hour shift, are assigned to the tower to watch for fires.
